

THE BOLD NEW FORD ECOSPORT.

NOW WITH 100 PS (73.8 kW) POWER AND MORE STYLE.

Go Further

www.india.ford.com/ecosport

There's just no stopping you

Nothing can get in your way with EcoSport's 200mm ground clearance, making it easy to go wherever you're going. Its right-sized design makes it easy to park and get around those cramped city streets.

Keyless Entry with Push-button Start

Forget fumbling for your keys. As long as you have your key fob with you, your EcoSport's doors automatically unlock when you're nearby. Once on your seat, just depress the clutch, push the Ford Power Starter button and the engine fires to life.

1.5L TDCi Diesel Engine

Engineered for economy and performance, the super-refined 1.5L TDCi engine delivers best-in-class 100 PS (73.8 kW) power and an impressive fuel economy of 22.27km/l* to take you places with great ease.

ABS with EBD

Our Anti-lock Braking System with Electronic Brake Force puts your safety first. It also helps the EcoSport Brake Distribution more effectively in an emergency situation.

Rear Parking Sensors

Rear Parking Sensors to help you judge the distance between your vehicle and obstacles behind you. When the sensors detect an object, they activate an audible warning that intensifies the closer you get to it.

Leather seats with 60:40 seat split

The 60:40 rear seats fold down to give you 705 litres of space. That's big enough to fit a 560-litre washing machine or with a little luck, something more exciting. In the EcoSport, it's quick and easy to create room for luggage.

Six Airbags

There are many reasons to feel safer in the Ford EcoSport. It has been fitted with some of the latest protective technologies designed to keep you safe, which adds up to invaluable peace of mind – wherever you go, in whatever conditions.

SYNC
POWERED BY **Microsoft**

SYNC® Applink™

Your Ford EcoSport offers voice-activated SYNC® Technology that seamlessly controls your phone and USB devices. You can make and receive calls, play your favourite songs, have your text messages read out to you and connect to your favourite mobile apps with Ford AppLink™ – all with just your voice.

International Engine of the Year

It's tough to find a better combination of fuel economy and power than the turbocharged 1.0L EcoBoost. Awarded the International Engine of the Year title for the last 3 years, this revolutionary petrol engine delivers the grunt you need.

Signature Lightguide

The EcoSport's ultra-modern LED 'signature' lights enhance its distinctive looks, creating a recognisable, bold and highly visible presence on the road.

Daytime Running Lights

Energy-efficient and great to look at, our Daytime Running Lights increase your visibility to other road-users, particularly in poor weather and helps improve your field of vision.

Rain-sensing Wipers

Let it rain, hail or even drizzle. As soon as it starts, the windscreen wipers will spring to life so you can see the road ahead.

Auto-Dimming Mirror

Are you blinded by tailgaters obstructing your view? The Electrochromic technology in the EcoSport's rear-view mirror darkens automatically at night in response to headlights, thereby reducing the glare that can create visibility problems for those driving at night.

Automatic Headlamps

Never lose sight of where you're going with the Automatic Headlamps feature. As soon as daylight starts to fade, the automatic headlamps will turn on and shine.

Enhanced style with a premium look

Stand out with your EcoSport's beautifully crafted chrome window button, chrome AC vents, chrome inner door handles, chrome instrument cluster and leather wrap hand brake.
